

Complimentary Spinal Checks for Local Teams

Supporting movement, posture awareness & everyday wellbeing

Most people only pay attention to their spine once something starts to interfere with work or activity. Rather than waiting until discomfort becomes disruptive, a spinal check offers a proactive opportunity for staff to better understand how their body is functioning — helping them stay aware, prepared, and performing at their best in their role.

Why Choose Us?

36+ Years Treating Timaru

Trusted by the local community for over three decades.

Active, Experienced Team

Chiropractors who understand real-world physical demands and everyday movement.

Holistic, Person-Centred Approach

We focus on posture, movement and personalised care for people of all ages.

Money in your pocket

\$15 off your initial appointment with us! (conditions apply)

How it works

In-Clinic Spinal Checks

- 5-10 minute spinal check per person
- Completed at our clinic
- No treatment provided on the day
- Optional follow-up appointment if desired

On-Site Spinal Checks

*minimum numbers required, enquiry based.

- 5-10 minute spinal check per person (maximum 2 hour per site)
- Staff must sign up in advance
- Time slots confirmed prior to the day
- No treatment provided on the day, follow-up appointment in clinic if desired with **\$15 off initial appointment if booked at time of spinal check**
